Mobile Variable Message Sign (mVMS) Local Operating Procedure

We are releasing the mVMS LOP document as a "live draft".

We request that industry implement the principles and practice using the document, and supply feedback to us of any substantive issues.

If we don't receive feedback of any substantive issues, then we will formalise this mVMS chapter in the next version of the LOPs. The timeframe for this is 3 weeks, so feedback is requested by 17th March please.

This mVMS chapter will be discussed at tomorrow's TTM Forum
