

Bulletin 42: 15th December 2015

Extensions and Expiring Plans

This bulletin is to clarify the situation where a TMP extension has been submitted with less than 5 working days lead in time and is at risk of expiring before being reviewed by CTOC, or when an extension of time is requested but a revision had not yet been submitted.

Contractor requirements in this situation:

1. Extension form **must** be submitted.
2. To highlight it to a TMCs attention*:
 - a. Email TMC inbox, or
 - b. Ring TMC duty phone (if less than 24hrs until proposed deployment)

* You must advise of the TMPforCHCH number and have a valid explanation for why this plan should take priority in CTOC's processing backlog.

This process has been put in place to assist with contractors that have urgent/unforeseen requests and should not be seen as replacement for adequate project planning. Acceptance is **not** guaranteed.

The best ways to contact a CTOC TMC:

TMC Inbox: tmc@tfc.govt.nz
TMC Duty Phone (6am to 6pm weekdays): 03 941 8842

Feel free to contact a TMC should you have any queries.

On behalf of the CTOC Temporary Traffic Management Team.

Luke Murphy / Temporary Traffic Management Coordinator
Christchurch Transport Operations Centre (CTOC)
