**Re: Interim CTOC position on COPTTM Technical Note - Level 2 low speed (2LS) roads**

The Technical Note for Level 2 low speed (2LS) roads released on 3 June 2016 is indicated to have an effective date of 1 August 2016.

Please be aware that CTOC will not be adopting the contents of the note into our area at this date, because more time is required:

- (i) to assess the technical details and their suitability for our network
- (ii) to reclassify road levels within our network if appropriate
- (iii) to adapt our Local Operation Procedures if appropriate
- (iv) for industry to adapt plans, operations and systems to the changes

We will provide a further update when we are in a better position to advise on possible adoption.

Regards

**Simon Harty BE Civil (Hons) / Temporary Traffic Management Team Leader**
