

10 October 2016

Cup and Show Week 2016 Restrictions

Cup and Show Week is expected to place significant transport pressure on some Strategic Route and Retail / Venue areas within Christchurch between Sat 5th and Sun 13th November. We are therefore aiming to minimise disruption on connecting Strategic Routes, and to maximise access to and parking around Retail and Entertainment areas during this period.

Please refer to the maps attached

Project Managers, Engineers and STMS's: Please ensure that all works restricting traffic flow, car-parking, or pedestrian access in the highlighted areas are completed, and temporary traffic management is uplifted from the roads wherever practicable by 3:30pm Friday 4th November.

If not practicable to fully uplift the TTM, please minimise impact as much as possible. Activities that do not impact on traffic flow, car-parking, or pedestrian access are not restricted, and normal traffic management may recommence in these areas from 7am Monday 14th November.

In recognition of the intense programme of rebuild works continuing in Christchurch, TMPs that enable works of strategic importance will be considered on an exception basis during this period. Please contact a TMC to discuss project details by 5pm Fri 28 October if you wish to seek exemptions.

Thank you in advance for your assistance in making Cup and Show Week 2016 an enjoyable experience for our customers on the roads.

On behalf of the Temporary Traffic Management team.

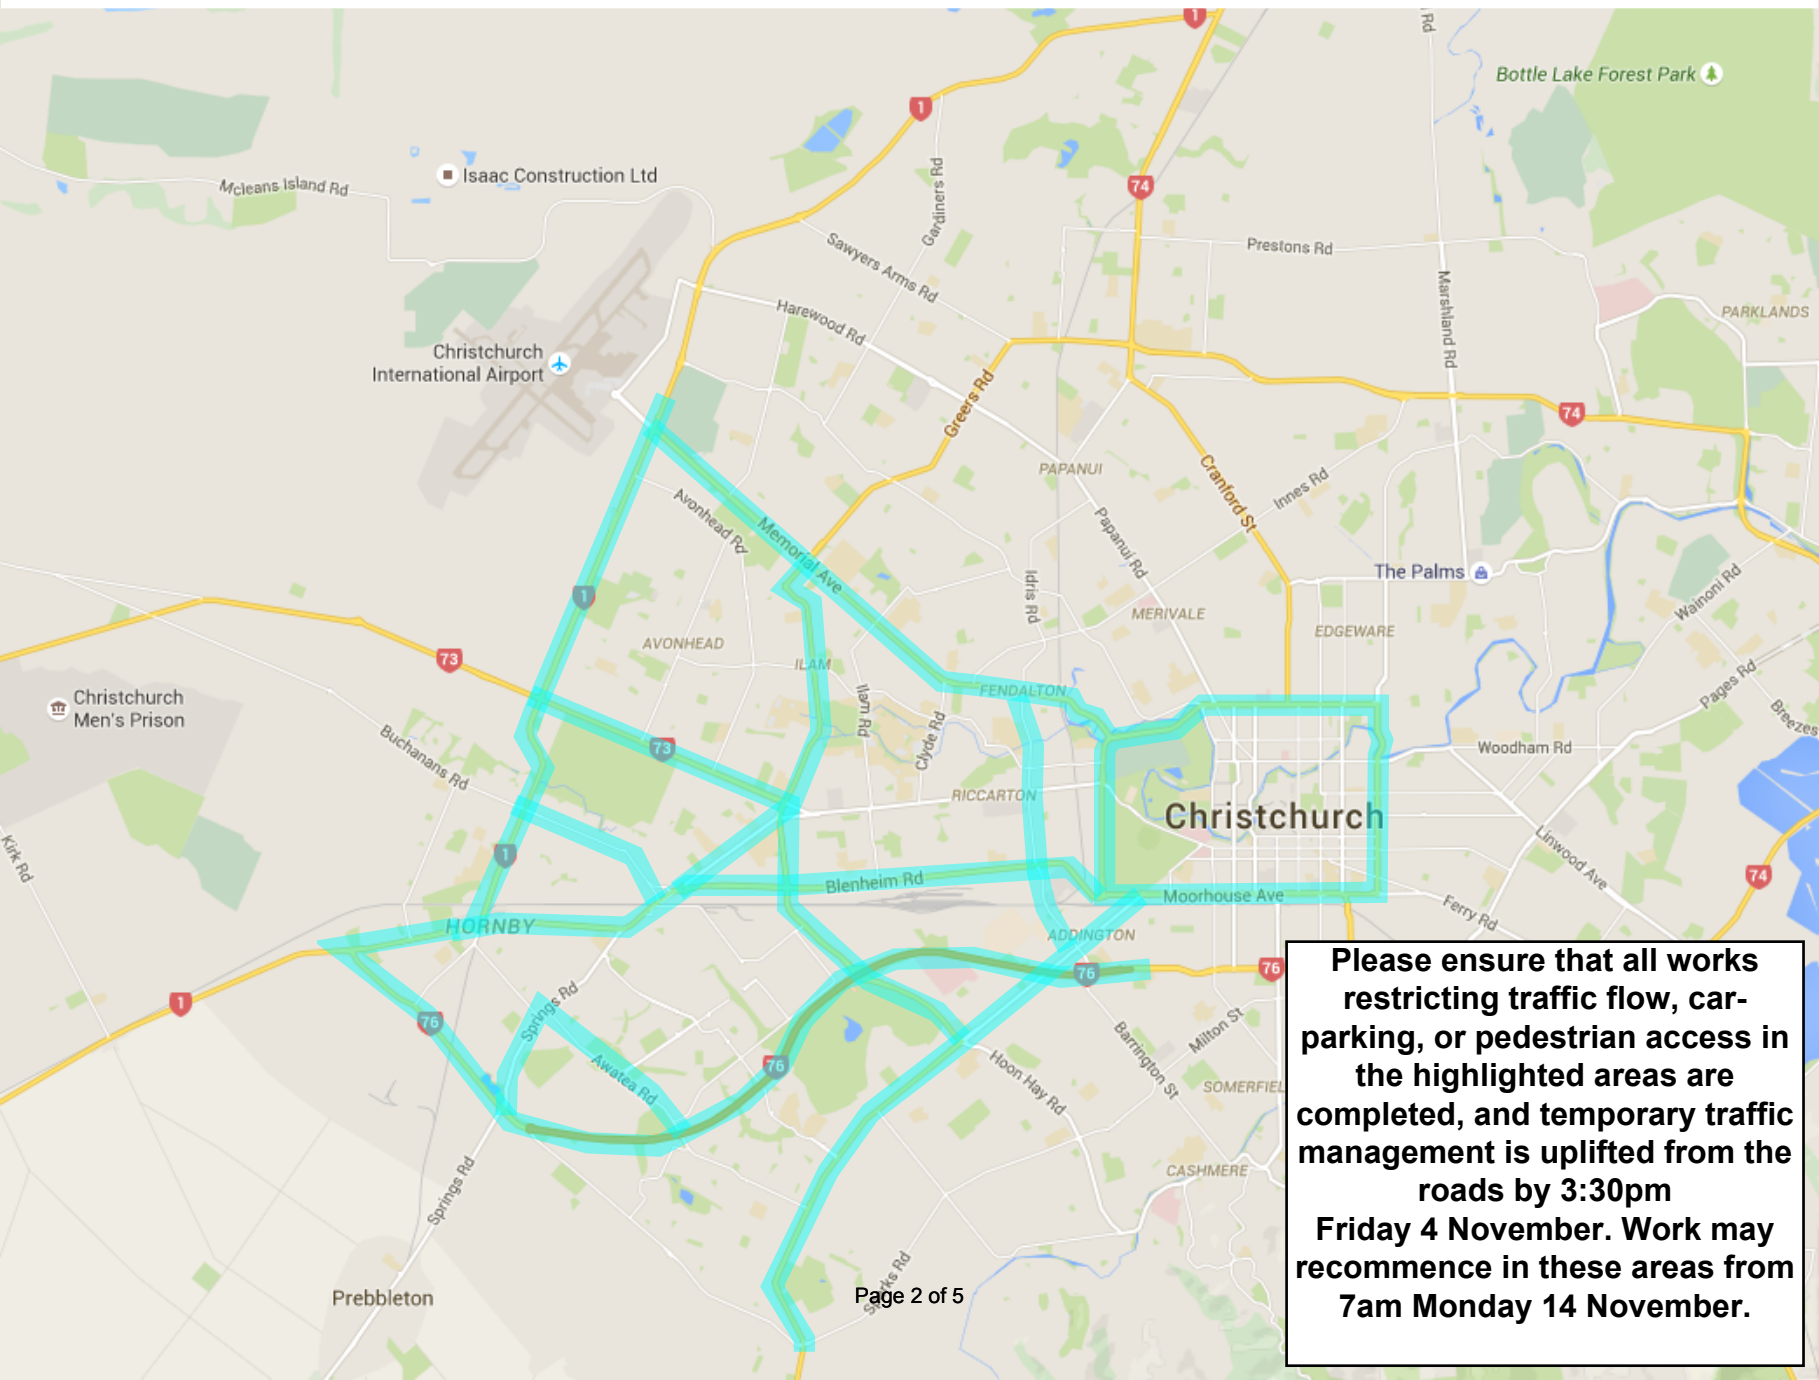

Simon Harty BE Civil (Hons) / Temporary Traffic Management Team Leader
